

UChat Video Platform — Stitch AI UI Generation Prompts

Instructions for using these prompts: Copy each prompt into Stitch AI (or similar UI generation tool) to generate the corresponding page/component. Each prompt includes layout specifications, color scheme, typography, component details, and responsive behavior.

🎨 Design System Tokens

Use these tokens consistently across all prompts:

Colors

Token	Hex	Usage
Primary	#6366F1	Buttons, links, active states, accents
Primary Dark	#4F46E5	Hover states, emphasis
Primary Light	#EEF2FF	Backgrounds, badges, light fills
Background	#FAFBFC	Page background
Surface	#FFFFFF	Cards, panels, modals
Text Primary	#111827	Headings, primary text
Text Secondary	#6B7280	Body text, descriptions
Text Muted	#9CA3AF	Placeholders, hints
Border	#E5E7EB	Dividers, input borders
Success	#10B981	Success states, completed badges
Warning	#F59E0B	Warning states, pending badges
Error	#EF4444	Error states, overdue badges
Dark Sidebar	#0F172A	Owner/Admin/Editor sidebars
Light Sidebar	#FFFFFF	User sidebar

Typography

Element	Font	Size	Weight	Color
Page Title	Inter	28px	700	Text Primary
Section Title	Inter	20px	600	Text Primary
Card Title	Inter	16px	600	Text Primary
Body	Inter	14px	400	Text Secondary
Caption	Inter	12px	500	Text Muted
Button	Inter	14px	500	White/Primary

Spacing

- Page padding: 24px (mobile) / 32px (tablet) / 48px (desktop)
- Card padding: 24px
- Card border-radius: 16px
- Button border-radius: 10px

- Input border-radius: 10px
- Gap between cards: 24px
- Sidebar width: 260px (expanded) / 72px (collapsed)

Shadows

Token	Value	Usage
Card	0 1px 3px rgba(0,0,0,0.05), 0 1px 2px rgba(0,0,0,0.03)	Standard cards
Card Hover	0 10px 40px rgba(0,0,0,0.08)	Card hover state
Dropdown	0 10px 40px rgba(0,0,0,0.12)	Menus, dropdowns
Modal	0 25px 50px rgba(0,0,0,0.15)	Dialogs, modals

 Prompt 1: Landing Page (Marketing)

```
Create a modern, minimalistic SaaS landing page for "UChat Video" — an AI-powered video generation
↳ platform for businesses. The page should feel premium, trustworthy, and conversion-focused.

HERO SECTION (Full viewport height, centered):
- Background: Subtle gradient from #FAFBFC to #EEF2FF (top-left to bottom-right)
- Top navigation bar (fixed, transparent → white on scroll):
  * Left: "UChat" logo (text logo, Inter font, weight 800, color #111827, with a small purple play
  ↳ button icon)
  * Center: Links — Features, Pricing, About, Contact (Inter 14px, weight 500, color #6B7280)
  * Right: "Log In" (ghost button, border #E5E7EB) + "Get Started" (solid #6366F1 button, white text)
- Hero content (centered, max-width 800px):
  * Eyebrow text: "AI-POWERED VIDEO PLATFORM" (12px, uppercase, tracking 2px, color #6366F1, weight 600)
  * Headline: "Create Professional Videos at Scale" (56px desktop / 36px mobile, Inter 800, #111827,
  ↳ line-height 1.1)
  * Subheadline: "From script to voice to video — automate your entire content workflow. One platform
  ↳ for teams, agencies, and enterprises." (20px, Inter 400, #6B7280, max-width 600px, centered)
  * CTA Row: "Start Free Trial" (large #6366F1 button, 16px, padding 16px 32px) + "Watch Demo" (ghost
  ↳ button with play icon)
  * Trust bar below: "Trusted by 500+ teams" with 5 company logos (grayscale, opacity 60%)
  * Hero visual: Right side floating UI mockup showing the timeline interface (subtle shadow, slight 3D
  ↳ tilt)

FEATURES SECTION (White background):
- Section header centered:
  * Label: "FEATURES" (12px, uppercase, #6366F1)
  * Title: "Everything You Need to Create Videos" (36px, Inter 700)
  * Subtitle: "A complete workflow from idea to published video" (18px, #6B7280)
- 3x2 grid of feature cards (gap 24px, max-width 1200px):
  Each card: White background, rounded-2xl, padding 32px, subtle border #E5E7EB, hover shadow transition
  * Icon: 48px circle with light purple background (#EEF2FF), icon in #6366F1
  * Title: 18px, Inter 600, #111827
  * Description: 14px, Inter 400, #6B7280
Cards:
```

1. Icon: Sparkles — "AI Script Generation" — "Generate compelling scripts in seconds with AI tuned
↳ for your brand voice."
2. Icon: Mic — "Voice Synthesis" — "Natural-sounding AI voices in 30+ languages with emotion control."
3. Icon: Video — "Video Generation" — "Transform scripts into professional videos with AI avatars and
↳ scenes."
4. Icon: Users — "Team Workspaces" — "Organized workspaces for each client with role-based access."
5. Icon: Share2 — "One-Click Publishing" — "Publish to YouTube, TikTok, LinkedIn, and more
↳ simultaneously."
6. Icon: Calendar — "Deadline Management" — "Schedule tasks and track progress with built-in
↳ calendar."

HOW IT WORKS SECTION (Light gray background #F9FAFB):

- Section header centered (same style as Features)
- 4-step horizontal timeline (desktop) / vertical (mobile):
Each step: Numbered circle (40px, #6366F1 background, white text), connected by line
 1. "Create Project" — "Start with a topic or upload your script"
 2. "Generate Content" — "AI creates voice and video automatically"
 3. "Edit & Review" — "Human or AI editing with feedback loops"
 4. "Publish Everywhere" — "Distribute to all platforms instantly"

PROBLEM SOLVED SECTION (White background):

- Split layout: Left text (50%) + Right illustration (50%)
- Left:
 - * Label: "WHY UCHAT" (12px, uppercase, #6366F1)
 - * Title: "Stop Juggling Tools. Start Creating." (36px, Inter 700)
 - * Bullet points (checkmarks in green circles):
 - "No more switching between 5+ tools for one video"
 - "No more manual uploads to every platform"
 - "No more missed deadlines with scattered workflows"
 - "No more inconsistent quality across your team"
 - * CTA: "See How It Works" (outline button)
- Right: Illustration of chaotic workflow → streamlined UChat workflow (before/after visual)

TESTIMONIALS SECTION (#F9FAFB background):

- Section header centered
- 3-column grid of testimonial cards:
Each card: White, rounded-2xl, padding 32px, border #E5E7EB
 - * 5-star rating (gold stars)
 - * Quote text: 16px, Inter 400, italic, #374151
 - * Author: Avatar (40px circle) + Name (14px, 600) + Title (12px, #6B7280)

PRICING SECTION (White background):

- Section header centered
- 3 pricing cards in a row (gap 24px):
 - * Starter: \$29/mo, Basic features, "Get Started" outline button
 - * Pro (highlighted): \$79/mo, Popular badge (purple), All features, "Start Free Trial" solid button
 - * Enterprise: Custom, Contact sales, "Contact Us" outline button
- Each card: White, rounded-2xl, padding 40px, border #E5E7EB. Pro card has purple border and subtle
↳ purple shadow.

CTA SECTION (Purple gradient background #6366F1 to #4F46E5):

- Centered content:
 - * Title: "Ready to Transform Your Video Workflow?" (36px, white, Inter 700)
 - * Subtitle: "Start your 14-day free trial. No credit card required." (18px, rgba(255,255,255,0.8))
 - * Button: "Get Started Free" (white background, #6366F1 text, large)

FOOTER (Dark background #0F172A):

- 4-column layout:
 - * Col 1: Logo + tagline + social icons
 - * Col 2: Product (Features, Pricing, Integrations, API)
 - * Col 3: Company (About, Blog, Careers, Contact)
 - * Col 4: Legal (Privacy, Terms, Security)
- Bottom bar: " 2026 UChat Video. All rights reserved."

ANIMATIONS:

- Hero elements fade in + translate Y (20px → 0) staggered
- Feature cards fade in on scroll
- Buttons have subtle scale on hover (1.02)
- Cards lift on hover (translateY -4px, shadow increase)

RESPONSIVE:

- Mobile: Single column, hamburger menu, stacked hero content
- Tablet: 2-column grids
- Desktop: Full layout as described

Prompt 2: Login Page

Create a minimalistic, professional login page for a SaaS platform called "UChat Video".

LAYOUT:

- Split screen: Left (45%) visual panel + Right (55%) form panel
- Left panel:
 - * Background: Gradient #6366F1 to #4F46E5
 - * Centered content: Large white UChat logo, tagline "Create videos at scale" (24px, white, weight ↪ 300), testimonial quote (16px, rgba(255,255,255,0.8)), author name (14px, white)
 - * Decorative: Subtle geometric shapes (circles, dots) in rgba(255,255,255,0.1)
- Right panel:
 - * Background: White
 - * Max-width form: 400px, centered vertically and horizontally
 - * Top: "Welcome back" (28px, Inter 700, #111827), "Sign in to your account" (14px, #6B7280)

FORM ELEMENTS:

- Email field: Label "Email address" (12px, 500, #374151), input (44px height, border #E5E7EB, ↪ rounded-xl, focus: border #6366F1, ring-2 ring-purple-100), placeholder "you@company.com"
- Password field: Label "Password" with "Forgot password?" link (right-aligned, 12px, #6366F1), input ↪ with eye icon toggle
- "Remember me" checkbox (small, #6366F1 when checked)
- Submit button: "Sign In" (full width, 44px height, bg #6366F1, white text, rounded-xl, hover: #4F46E5, ↪ transition)
- Divider: "Or continue with" text between two lines

- Social buttons: Google (white, border, Google icon) and GitHub (white, border, GitHub icon)
- Bottom text: "Don't have an account? Sign up" (14px, #6B7280, link in #6366F1)

STATES:

- Loading: Button shows spinner, disabled
- Error: Red border on field, error message below (14px, #EF4444)
- Success: Redirect animation

RESPONSIVE:

- Mobile: Full-width form, left panel hidden, gradient background behind form

Prompt 3: Sign Up Page

Create a minimalistic, professional sign-up page for "UChat Video" SaaS platform.

LAYOUT:

- Split screen: Left (45%) gradient panel + Right (55%) form panel (same as login)
- Left panel: Same purple gradient with platform benefits list:
 - * "Free 14-day trial"
 - * "No credit card required"
 - * "Cancel anytime"(Each with white checkmark icon, 16px white text)
- Right panel:
 - * "Create your account" (28px, 700), "Start creating videos in minutes" (14px, #6B7280)

FORM ELEMENTS:

- Full Name: Label + input (placeholder "John Doe")
- Email: Label + input (placeholder "john@company.com")
- Password: Label + input with strength indicator (weak/medium/strong colored bars)
- Confirm Password: Label + input
- Workspace Name: Label + input (placeholder "Acme Corporation" — this creates their first workspace)
- Terms checkbox: "I agree to the Terms of Service and Privacy Policy" (link in #6366F1)
- Submit: "Create Account" (full width, #6366F1, rounded-xl)
- Divider + Social signup buttons (Google, GitHub)
- Bottom: "Already have an account? Sign in" (link in #6366F1)

PASSWORD STRENGTH:

- 3 bars below password field
- Weak: Red, Medium: Amber, Strong: Green
- Real-time validation feedback

RESPONSIVE:

- Mobile: Full-width form, gradient top banner with benefits

Prompt 4: Owner Dashboard

Create a premium SaaS dashboard for a "Platform Owner" role. Dark sidebar + light content area.

LAYOUT:

- Fixed left sidebar (260px, bg #0F172A):
 - * Top: "UChat" logo (white text, weight 800) + "PLATFORM" badge (small, purple bg)
 - * Navigation items (text #94A3B8, hover #FFFFFF, active: white text + purple left border 3px):
 - Dashboard (icon: LayoutDashboard)
 - Section label "WORKSPACES" (10px, uppercase, #475569, tracking wide)
 - All Workspaces (icon: Building2, badge: "12" in purple pill)
 - Create Workspace (icon: PlusCircle, muted style)
 - API Management (icon: Plug)
 - Section label "PROJECTS"
 - All Projects (icon: FolderKanban)
 - Divider line (rgba(255,255,255,0.1))
 - Settings (icon: Settings)
 - Notifications (icon: Bell, badge: red dot with "3")
 - * Bottom: User mini-card (avatar 32px circle, name "John Doe", role "Owner", dropdown chevron)
- Topbar (fixed, 64px, white bg, border-bottom #E5E7EB):
 - * Left: Page title "Dashboard" (20px, 600) + breadcrumb
 - * Right: Search icon, Notification bell (red dot), User avatar dropdown
- Content area (bg #FAFBFC, padding 32px, margin-left 260px):

STATS ROW (4 cards, gap 24px):

Each card: White bg, rounded-2xl, padding 24px, border #E5E7EB

- Card 1: "12" (32px, 700, #111827), "Workspaces" (14px, #6B7280), trend "↑ 2 this month" (12px, green)
- Card 2: "156" (32px, 700), "Total Projects" (14px), trend "↑ 24"
- Card 3: "48" (32px, 700), "Active Members" (14px), trend "↑ 5"
- Card 4: "8" (32px, 700), "APIs Connected" (14px), trend "↑ 1"

CHART SECTION (2-column, gap 24px):

- Left (60%): "Projects by Workspace" bar chart card (white, rounded-2xl, padding 24px)
 - * Title: 16px, 600
 - * Chart: Purple bars (#6366F1), light grid, tooltips on hover
- Right (40%): "Recent Activity" card
 - * Title + "View All" link
 - * Activity list: Avatar (24px) + action text (14px) + time (12px, muted)

ATTENTION TABLE (full width):

- Card: White, rounded-2xl, padding 0 (table inside)
- Header: "Workspaces Requiring Attention" (16px, 600, padding 20px 24px)
- Table: Columns — Workspace (name + slug), Status (badge), Projects, Members, Action (button)
- Row hover: bg #F9FAFB
- Status badges: Warning (amber bg, amber text), Error (red bg, red text), Active (green)

RESPONSIVE:

- Tablet: Sidebar collapses to icons (72px)
- Mobile: Sidebar becomes drawer, single column stats

Prompt 5: Admin Dashboard

Create a premium SaaS dashboard for an "Admin" role managing a workspace called "Acme Corp". Dark sidebar + light content.

LAYOUT:

- Fixed left sidebar (260px, bg #0F172A):
 - * Top: "UChat" logo + workspace name "ACME CORP" (10px, uppercase, #475569)
 - * Navigation (same style as Owner):
 - Dashboard (LayoutDashboard)
 - Section "PROJECTS": All Projects (FolderKanban, badge "24")
 - Section "TEAM": All Members (Users, badge "8"), Users (User), Editors (PenTool)
 - Section "CALENDAR": Schedule & Deadlines (CalendarDays)
 - Divider
 - Workspace Settings (Settings)
 - Notifications (Bell, badge "5")
 - * Bottom: User mini-card ("John Doe", "Admin")
- Content area (same topbar structure):

STATS ROW (4 cards):

- "5" Users, "2" Editors, "24" Projects This Month, "8" Published This Month

TWO-COLUMN SECTION (gap 24px):

- Left (50%): "Projects Status" donut chart card
 - * Donut chart with segments: Idea (#E5E7EB), Script (#6366F1), Voice (#8B5CF6), Video (#EC4899), Editing (#F59E0B), Publish (#10B981)
 - * Legend below with counts
- Right (50%): "Upcoming Deadlines" card
 - * "Today" section (red left border): Task name, assignee, time
 - * "Tomorrow" section (amber left border)
 - * "This Week" section

BOTTOM SECTIONS:

- "Projects Needing Attention" table (same style as Owner attention table)
 - * Columns: Project, User, Stage, Stuck For, Action
 - * Red "Stuck For" badge if >2 days
- "Recent Team Activity" timeline (vertical line with dots, activity items)

RESPONSIVE: Same as Owner dashboard

Prompt 6: User Dashboard

Create a clean, modern dashboard for a "Video Creator" user. Light sidebar + light content.

LAYOUT:

- Fixed left sidebar (260px, bg #FFFFFF, border-right #E5E7EB):
 - * Top: "UChat" logo + "ACME CORP" workspace label
 - * Navigation (text #6B7280, hover #111827, active: #6366F1 text + purple left border):

```
- Dashboard (LayoutDashboard)
- Section "MY PROJECTS": All Projects (Clapperboard, badge "12"), New Project (PlusCircle, accent
  ↪ style)
- Section "PUBLISH": Publishing Hub (Share2), Upload & Publish (Upload)
- Divider
- Notifications (Bell, badge "3")
- Settings (Settings)
* Bottom: User mini-card (avatar, "Sarah Johnson", "Video Creator")

- Content area (bg #FAFBFC):

WELCOME HEADER:
- "Welcome back, Sarah!" (28px, 700)
- "Here's what's happening with your projects" (14px, #6B7280)
- Right: "+ New Project" button (purple, rounded-xl)

STATS ROW (4 cards, white bg, rounded-2xl):
- "12" My Projects, "5" In Progress, "3" Completed, "4" Published This Month

TWO-COLUMN SECTION:
- Left (60%): "Continue Working On" card
  * 2 project cards inside:
    - Project name (16px, 600), progress bar (purple fill), stage label, deadline
    - "Continue ↪" button (ghost, purple text)
- Right (40%): "Upcoming Deadlines" card
  * From admin calendar: Red "Due Today" items, Amber "This Week" items
  * Each: Project name, deadline time, assigned by admin

RECENT ACTIVITY (bottom):
- Card: White, rounded-2xl
- Vertical timeline: "You completed voice for 'Q3 Promo' — 2 hrs ago" with icons

RESPONSIVE: Sidebar drawer on mobile, stacked columns
```

Prompt 7: Editor Dashboard

Create a focused, minimal dashboard for a "Video Editor". Dark sidebar + clean content.

LAYOUT:

```
- Fixed left sidebar (260px, bg #18181B (zinc-900), violet accents):
  * Top: "UChat" logo + "ACME CORP"
  * Navigation (text #A1A1AA, hover #FFFFFF, active: white + violet left border #8B5CF6):
    - Dashboard (LayoutDashboard)
    - Section "TASKS":
      - Pending Requests (Inbox, badge "3" red)
      - In Progress (Loader2 animated, badge "2" amber)
      - Under Review (Eye, badge "1" blue)
      - Completed (CheckCircle2, badge "45")
    - Divider
```

```
- Notifications (Bell, badge "2")
- Settings (Settings)
* Bottom: User mini-card ("Tom Wilson", "Video Editor")

- Content area:

STATS ROW (4 cards):
- "3" Pending, "2" In Progress, "1" Under Review, "45" Completed

PRIORITY TASKS (left 60%):
- Card: "New Requests"
- Task cards inside:
  * Red "NEW REQUEST" badge at top
  * Project name (18px, 600)
  * "From: Sarah Johnson" (14px, #6B7280)
  * "Type: AI Editing" badge (purple light bg)
  * Deadline: "Jun 25, 5:00 PM" (14px)
  * Actions: "Accept" (green button) + "Decline" (ghost button)

PERFORMANCE (right 40%):
- Card: "My Performance"
- Metrics: "Avg Turnaround: 4.2 hrs", "Tasks This Week: 12", "Rating: 4.8"
- Mini bar chart of tasks completed per day

RESPONSIVE: Same pattern, task cards stack on mobile
```

Prompt 8: Project Timeline Page (User)

```
Create a beautiful, interactive project timeline page for a video creation workflow. This is the core
↪ user experience.

LAYOUT:
- Full-width content area, max-width 1000px centered
- Back link: "- Back to My Projects" (14px, #6B7280, hover #111827)

PROJECT HEADER:
- Title: "Q3 Promo Video" (32px, 700)
- Meta row: "Created Jun 20, 2026" • "Last updated 2 hours ago"
- Right: "Edit Details" (ghost button) + More options dropdown
- Below: Status badge ("In Progress" blue) + Priority badge ("High" red) + Deadline countdown ("Due in 5
↪ days" amber)

VISUAL TIMELINE (centerpiece):
- Horizontal track with 6 connected nodes
- Each node: 48px circle with icon inside
- States:
  * COMPLETED: Green circle (#10B981), white checkmark icon, green label "Done", date below
  * CURRENT: Purple circle (#6366F1), white icon, pulse animation ring, purple label "Current", "In
↪ Progress" below
```

- * LOCKED: Gray circle (#E5E7EB), gray icon, muted label, "—" below
- * PENDING: Empty gray circle, muted label, hidden
- Connecting line: Green for completed segments, gray dashed for upcoming
- Below each node: Action button (if applicable)
 - * Completed: "View" or "Play" (small ghost button)
 - * Current: "Continue →" (purple solid button, prominent)
 - * Locked: Disabled "Locked" text

CURRENT STAGE PANEL (large card below timeline):

- Header: "CURRENT STAGE: VIDEO GENERATION" (12px, uppercase, purple, tracking wide)
- Description: "Your voiceover is ready! Now generate the video with your selected avatar and → background."
- Primary CTA: "🎬 Generate Video" (large purple button, 48px height)
- Secondary: "⚙️ Configure Settings" (ghost button)
- Preview area: Voice audio player with waveform visualization

PROJECT INFO SIDEBAR (right side, sticky):

- Card: White, rounded-2xl
- "Project Info" header
- Priority: High (red dot + text)
- Deadline: Jun 25, 5:00 PM (with countdown)
- Progress: "60%" + progress bar (purple fill)
- Quick stats: Word count, Audio duration, Video duration

RESPONSIVE:

- Mobile: Timeline becomes vertical (top to bottom)
- Current stage panel stacks below timeline
- Sidebar moves below

Prompt 9: AI Script Generation Page

Create a modern AI script generation interface with a split-screen layout.

LAYOUT:

- Back link + "Step 2 of 6: Script Generation" header
- Subtitle: "Generate or write your video script"

TWO-COLUMN SPLIT (gap 32px):

LEFT COLUMN — Configuration (45%):

- Card: White, rounded-2xl, padding 32px
- "Configuration" header (18px, 600)

Form fields:

1. "Topic / Title *" — Input (44px, rounded-xl, border #E5E7EB, focus: purple ring)
Placeholder: "e.g., Q3 Product Launch Announcement"
2. "Tone *" — Button group (horizontal wrap):
[Professional] [Casual] [Energetic] [Persuasive] [Humorous] [Educational]

Selected: Purple bg, white text. Unselected: White bg, gray border, gray text.

3. "Target Duration" — Slider:

Track: Gray, Fill: Purple

Labels: "30s" — "5min" — "10min"

Current value: "2:30" displayed prominently

4. "Language" — Dropdown select:

Default: "English (US)"

Chevron icon, rounded-xl style

5. "Additional Instructions" — Textarea:

4 rows, rounded-xl, placeholder "Focus on new features, mention pricing..."

6. "🌟 Generate Script" — Full-width purple button, 48px height, sparkle icon

OR DIVIDER:

- Horizontal line with "OR" text in center (12px, muted)

7. "✎ Write Script Manually" — Full-width ghost button, border #E5E7EB

RIGHT COLUMN — Output (55%):

- Card: White, rounded-2xl, padding 32px, min-height 500px

- "Generated Script" header

- Output area: Light gray bg (#F9F9FB), rounded-xl, padding 24px

* Placeholder text: "(Generated script will appear here...)" (centered, muted)

* When generated: Script text in 16px Inter, line-height 1.6

- Bottom metrics bar:

* "Word count: 0" → updates live

* "Est. duration: 0:00"

- Action buttons (when script generated):

* "Regenerate" (ghost, circular arrows icon)

* "Edit Manually" (ghost)

* "Approve & Continue →" (purple solid, prominent)

LOADING STATE:

- Output area shows animated skeleton lines

- "Generating your script..." with pulsing purple dots

RESPONSIVE:

- Mobile: Single column, config stacks above output

Prompt 10: Voice Generation Page

Create an audio-focused voice generation interface with a professional studio feel.

LAYOUT:

- Back link + "Step 3 of 6: Voice Generation" header

TWO-COLUMN SPLIT:

LEFT COLUMN — Settings (45%):

- Card: White, rounded-2xl, padding 32px

Sections:

1. "Script Preview" (collapsible):
 - Light gray box with approved script text
 - "150 words" badge
 - Expand/collapse toggle
2. "Voice Provider" — Dropdown:
 - Options: ElevenLabs, Azure TTS, Google Cloud
 - Selected shows checkmark
3. "Voice Model" — Dropdown with preview:
 - Each option: Avatar (24px circle) + Name + Description + 🗣️ preview icon
 - Options: "Adam - Professional Male (US)", "Sarah - Warm Female (US)", etc.
4. "Speed" — Slider:
 - Track with purple fill
 - Labels: "0.5x" — "1.0x" — "2.0x"
 - Current: "1.0x"
5. "Pitch" — Slider:
 - Labels: "Low" — "Normal" — "High"
6. "🔄 Regenerate Voice" — Purple button

RIGHT COLUMN — Preview & Output (55%):

- Card: White, rounded-2xl, padding 32px

Status indicator:

- "Ready to generate" (gray dot + text)
- "Generating..." (animated purple pulse)
- "Generated" (green checkmark)

Audio Player (when generated):

- Large play button (64px circle, purple bg, white triangle)
- Waveform visualization (purple bars, animated when playing)
- Time: "0:00 / 2:34"
- Volume slider
- Download button (📄 icon)

Info panel:

- Duration: 2:34
- Provider: ElevenLabs
- Voice: Adam (Male, US)

Actions:

- "🗣️ Play" (ghost)

- " Download" (ghost)
- " Approve & Continue →" (purple solid, large)

RESPONSIVE: Stack columns on mobile

Prompt 11: Video Generation Page

Create a video generation interface with avatar selection and preview.

LAYOUT:

- Back link + "Step 4 of 6: Video Generation" header

TWO-COLUMN SPLIT:

LEFT COLUMN — Settings (45%):

- Card: White, rounded-2xl, padding 32px

1. "Voice Confirmation" banner:

- Green left border, light green bg
- " Voiceover confirmed: 2:34 duration"
- Mini audio player

2. "Video Provider" — Dropdown

3. "Select Avatar" — Grid of cards (3 columns):

Each avatar card:

- Avatar image (80px, rounded-xl)
- Name below (14px, 500)
- Selected: Purple border, checkmark badge

4. "Background" — Grid of thumbnails:

- Office, Studio, Outdoor, Custom colors
- Selected: Purple ring

5. "Resolution" — Segmented control:

[720p] [1080p] [4K]

Selected: Purple bg, white text

6. "Additional Assets" — Upload zone:

- Dashed border, cloud upload icon
- "Drop images or logos here"

7. " Generate Video" — Large purple button

RIGHT COLUMN — Preview (55%):

- Card: White, rounded-2xl, padding 0 (video fills)
- Video player (16:9 aspect ratio, rounded-xl, black bg)
 - * Placeholder: "Video preview will appear here" (centered, muted)
 - * Generated: Actual video with controls

- Below video:
 - * Status badge
 - * Duration
 - * Actions: Regenerate, Download, Approve

RESPONSIVE: Stack on mobile, avatar grid becomes 2 columns

Prompt 12: Edit Request Page (User)

Create an edit request page where users choose between AI and human editing.

LAYOUT:

- Back link + "Step 5 of 6: Send for Editing" header
- Subtitle: "Choose how you want your video edited"

VIDEO PREVIEW (top, full width):

- Card: White, rounded-2xl
- Video player showing the generated video
- "Your video is ready!" banner below

CHOICE CARDS (2-column, gap 24px):

CARD 1 — AI Editing:

- White bg, rounded-2xl, border #E5E7EB, padding 32px
- Hover: Shadow increase, border purple
- Icon: Robot/Sparkles (48px, purple circle bg)
- Title: "🤖 AI Editing" (20px, 600)
- Subtitle: "Powered by Subagic"
- Feature list (checkmarks):
 - * "Automatic color correction"
 - * "Noise reduction & stabilization"
 - * "Style presets (Cinematic, Vlog, etc.)"
 - * "Fast turnaround (minutes)"
- "Best for: Quick edits, brand consistency"
- Button: "Select AI Editing" (outline, purple)

CARD 2 — Human Editor:

- Same card style
- Icon: Person/Pen (48px, blue circle bg)
- Title: "👤 Human Editor" (20px, 600)
- Feature list:
 - * "Custom creative direction"
 - * "Complex transitions & effects"
 - * "Text overlays & motion graphics"
 - * "Music & sound design"
- "Best for: Complex projects, creative vision"
- Button: "Select Human Editor" (outline, blue)

SELECTED FORM (appears below chosen card):

- Card: White, rounded-2xl, padding 32px, border purple (if AI) or blue (if Human)

AI Form:

- "Instructions for AI" — Textarea
- "Style Preset" — Dropdown: Cinematic, Vlog, Corporate, Social
- "Enhancements" — Checkboxes: Auto-color, Noise reduction, Stabilization, Background music
- "Send to AI Editor →" (purple button)

Human Form:

- "Select Editor" — Dropdown with available editors (avatar + name + workload)
- "Instructions" — Textarea
- "Priority" — Radio: Normal / Urgent
- "Deadline" — Date picker (optional)
- "Send to Editor →" (blue button)

RESPONSIVE: Cards stack vertically on mobile

Prompt 13: Publishing Hub Page

Create a publishing hub for managing social media distribution.

LAYOUT:

- Header: "Publishing Hub" + subtitle "Publish and schedule your videos"

ACTION CARDS (top, 2-column, gap 24px):

- Card 1: " Publish Generated Video" — Purple gradient bg, white text, "Select from your projects →"
- Card 2: " Upload & Publish" — White bg, purple border, "Upload your own video →"

PLATFORM STATUS GRID (middle):

- "Platform Connections" header
- 6 cards in 3x2 grid (or 6-column on desktop):
 - Each platform card:
 - Platform icon (48px, colored: red YouTube, black TikTok, gradient Instagram, blue LinkedIn, blue Facebook, black X)
 - Platform name (14px, 600)
 - Status: "🟢 Connected" or "🔴 Disconnected" or "🟡 Reconnect"
 - Action: "Manage" or "Connect" button

PUBLISHING HISTORY (bottom):

- Card: White, rounded-2xl
- Header: "Publishing History" + "View All" link
- Table columns: Thumbnail (48px), Title, Platform (icon), Status (badge), Date, Views, Actions (View, Stats, Delete)
- Status badges: Published (green), Scheduled (blue), Failed (red), Draft (gray)

RESPONSIVE: Platform grid becomes 2 columns on mobile

Prompt 14: Publish Form Page

Create a multi-platform publishing form with per-platform configuration.

LAYOUT:

- Back link + "Publish: Q3 Promo Video" header

VIDEO PREVIEW (top):

- Card: White, rounded-2x1
- Video player (16:9)

PLATFORM SELECTOR:

- "Select Platforms" label
- Horizontal scrollable row of platform toggles:
 - Each: Platform icon + name + checkbox
 - Selected: Purple border, purple checkmark
 - Options: YouTube, TikTok, Instagram, LinkedIn, Facebook, Twitter/X

PER-PLATFORM TABS (below selector):

- Tab bar: YouTube • TikTok ◦ Instagram ◦ ...
- Active tab: Purple underline

YOUTUBE TAB (example):

- Card: White, rounded-2x1, padding 32px
- "YouTube Settings" header with YouTube icon
- Form:
 - * "Title *" — Input (placeholder auto-filled from project)
 - * "Description" — Textarea with hashtag suggestions
 - * "Tags" — Tag input (comma-separated, chips appear)
 - * "Thumbnail" — Upload zone + "Use video frame" button
 - * "Visibility" — Radio: Public / Unlisted / Private
 - * "Category" — Dropdown

SCHEDULE SECTION:

- Card: White, rounded-2x1
- "When to publish?"
- Radio: "Publish Now" / "Schedule for Later"
- If schedule: Date picker + Time picker

ACTIONS:

- "Save Draft" (ghost)
- "Publish Now →" or "Schedule →" (purple solid, large)

VALIDATION:

- Red asterisks for required fields
- Inline error messages
- Platform-specific hints (e.g., "TikTok max 10 min")

RESPONSIVE: Tabs become dropdown on mobile

Prompt 15: AI Editing Interface (Editor)

Create a full-screen AI video editing workspace for editors.

LAYOUT:

- Minimal chrome, maximum workspace
- Top bar (48px, white, border-bottom):
 - * Left: Back arrow + "AI Editing: Holiday Ad" + "From: Sarah Johnson"
 - * Center: "Auto-save" indicator (green dot + "Saved")
 - * Right: "Preview" button + "Approve & Send →" (purple)

MAIN WORKSPACE (full height minus top bar):

LEFT PANEL — Video Preview (50%):

- Black background
- Video player centered (max-height 80vh)
- Playback controls: Play/Pause, timeline scrubber, time display
- "Before / After" toggle above video: Segmented control

RIGHT PANEL — AI Controls (50%, white bg, scrollable):

- Padding 24px

Sections:

1. "Enhancements" — Toggle switches:

- Auto color correction
- Noise reduction
- Stabilization
- Face enhancement

Each: Toggle switch (purple when on), label, description

2. "Style Presets" — Horizontal scroll cards:

- Cinematic (dark, moody thumbnail)
- Vlog (bright, warm thumbnail)
- Corporate (clean, blue thumbnail)
- Social (vibrant, colorful thumbnail)
- Minimal (clean, white thumbnail)

Selected: Purple border, checkmark

3. "Text Overlay" — Accordion:

- "Add Text" button
- Text input
- Font selector
- Position: Top/Middle/Bottom
- Animation: Fade/Slide/Typewriter

4. "Audio" — Accordion:

- Background music upload
- Volume mixer (original vs music)

BOTTOM ACTION BAR (fixed, white, border-top):

- Left: "Save Draft" (ghost)

- Center: "🔄 Preview Changes" (purple outline)
- Right: " Approve & Send to User →" (purple solid)

RESPONSIVE:

- Tablet: Panels stack (video top, controls bottom)
- Mobile: Full-screen video, controls in drawer

Prompt 16: Calendar Page (Admin)

Create a full-featured calendar page for scheduling deadlines.

LAYOUT:

- Header: "Calendar" + subtitle + "+ New Task" button (purple)

TOOLBAR (below header):

- Left: "" "" "Today" buttons + "June 2026" title
- Right: "Month" / "Week" / "Day" toggle (segmented control)

MAIN CONTENT (2-column):

LEFT — Calendar Grid (70%):

- Card: White, rounded-2xl, padding 16px
- Month grid: 7 columns (Sun-Sat)
- Day cells:
 - * Default: White bg, gray number, min-height 100px
 - * Today: Purple circle around number
 - * Has events: Colored dot(s) at bottom
 - * Hover: Light gray bg
- Event pills inside cells:
 - * Deadline: Red left border, light red bg, text truncated
 - * Meeting: Amber left border
 - * Review: Blue left border
 - * General: Green left border
- Drag to create: Click and drag on empty cell → creates event
- Drag to reschedule: Drag existing event to new date

RIGHT — Sidebar (30%):

- Card: White, rounded-2xl

"Today's Events" section:

- Red left border for overdue/urgent
- Event cards: Time, Title, Assignee avatar

"Tomorrow" section:

- Same format, amber accents

"This Week" summary:

- Count: "5 events scheduled"
- Mini list

EVENT CLICK:

- Opens detail modal:
 - * Title (editable)
 - * Type badge
 - * Assignee (avatar + name)
 - * Date/time pickers
 - * Description
 - * Actions: Save, Delete

RESPONSIVE:

- Tablet: Sidebar becomes bottom sheet
- Mobile: List view instead of grid, calendar in drawer

Prompt 17: Team Management Page (Admin)

Create a team management page with member cards and role management.

LAYOUT:

- Header: "Team Management" + subtitle + "+ Invite Member" button (purple)

ROLE TABS:

- Horizontal tabs: All [8] • Users [5] • Editors [2] • Support [0] • Viewers [1] • Pending [0]
- Active tab: Purple underline

FILTER BAR:

- Search input ("Search members...")
- Role filter dropdown
- Status filter dropdown
- View toggle: Grid / Table

MEMBER GRID (default view):

- 3-column grid (desktop), 2-column (tablet), 1-column (mobile)
- Gap: 24px

Member Card:

- White bg, rounded-2x1, border #E5E7EB, padding 24px
- Top row: Avatar (48px circle) + Status dot (green online, gray offline)
- Name: 16px, 600, #111827
- Email: 14px, #6B7280
- Role badge: Colored pill
 - * Admin: Purple bg, purple text
 - * User: Blue bg, blue text
 - * Editor: Amber bg, amber text
 - * Support: Green bg, green text
 - * Viewer: Gray bg, gray text
- Stats row: "12 projects" • "Joined Jan 2026"
- Actions: "View" (ghost) + "⌵" dropdown (Change Role, Reset Password, Remove)

MEMBER TABLE (toggle view):

- Columns: Checkbox, Avatar+Name, Email, Role, Status, Projects, Joined, Actions
- Sortable headers
- Row hover: #F9FAFB bg
- Bulk actions bar appears when rows selected

EMPTY STATE:

- Illustration + "No members yet" + "Invite your first team member" button

RESPONSIVE: Grid → Table → Cards stack

Prompt 18: Notifications Page (All Roles)

Create a notifications page with filtering and quick actions.

LAYOUT:

- Header: "Notifications" + "Mark All as Read" button

FILTER TABS:

- All [12] • Unread [3] • Deadlines [2] • Edit Updates [1] • Publish Status [4] • System [2]
- Active: Purple underline

NOTIFICATION LIST:

- Vertical stack, gap 12px
- Each notification card:
 - * White bg, rounded-xl, padding 16px
 - * Left border: 3px colored (red=urgent, blue=info, green=success, amber=warning)
 - * Layout: Icon (24px) + Content + Actions
 - * Content:
 - Title: 14px, 600, #111827
 - Message: 14px, 400, #6B7280
 - Time: 12px, #9CA3AF
 - * Right: "Mark as Read" (ghost, small) + Action link (if applicable)
 - * Unread: Subtle purple left border, light purple bg tint

NOTIFICATION TYPES:

1. Deadline: 🕒 icon, red border, "Q3 Promo due today at 5 PM"
2. Edit Complete: ✍️ icon, green border, "Editor Tom completed 'Holiday Ad'"
3. Publish Success: 🎉 icon, green border, "Published to YouTube successfully"
4. System: ⚙️ icon, blue border, "Workspace API key updated"
5. Invite: 👤 icon, purple border, "John invited you to Acme Corp"

EMPTY STATE:

- Bell illustration (gray)
- "All caught up!" (18px, 600)
- "You have no notifications" (14px, muted)

RESPONSIVE: Full-width cards, actions below content on mobile

Prompt 19: Settings Page (All Roles)

Create a settings page with sidebar tabs and form content.

LAYOUT:

- 2-column: Sidebar (240px) + Content (flex-1)

SIDEBAR:

- White bg, border-right #E5E7EB
- "Settings" header (20px, 700, padding 24px)
- Menu items:
 - * Profile (User icon)
 - * Security (Shield icon)
 - * Notifications (Bell icon)
 - * Billing (CreditCard icon) — Owner only
 - * Social Accounts (Share2 icon) — User only
 - * Platform (Globe icon) — Owner only
 - * Preferences (Sliders icon)
- Active: Purple left border, purple text, light purple bg
- Inactive: Gray text, hover: dark gray

CONTENT AREA:

- Padding 32px
- White card, rounded-2xl, padding 32px

PROFILE TAB:

- "Profile Settings" header (24px, 700)
- Avatar section: Large avatar (80px) + "Change Photo" button (ghost)
- Form:
 - * Full Name — Input
 - * Email — Input (read-only, gray bg)
 - * Phone — Input
 - * Bio — Textarea (optional)
- "Save Changes" button (purple)

SECURITY TAB:

- "Security Settings" header
- Change Password section:
 - * Current Password — Input
 - * New Password — Input with strength indicator
 - * Confirm Password — Input
- "Two-Factor Authentication" toggle section
- "Active Sessions" list with "Revoke" buttons

NOTIFICATIONS TAB:

- "Notification Preferences" header
- Email section: Checkboxes for each notification type
- In-App section: Checkboxes
- Push section: Checkboxes (mobile only)

- Digest frequency: Daily / Weekly / Never

RESPONSIVE: Sidebar becomes top dropdown on mobile

Prompt 20: Workspace Card Component

Create a reusable workspace card component for the Owner portal.

COMPONENT:

- Width: 100% of grid cell
- White bg, rounded-2xl (16px), border #E5E7EB, padding 24px
- Hover: translateY(-4px), shadow increases to `0 10px 40px rgba(0,0,0,0.08)`, transition 200ms

CONTENT:

- Top: Workspace icon (40px, rounded-lg, purple bg #EEF2FF, building icon in purple)
- Name: 18px, Inter 600, #111827, truncate with ellipsis
- Slug: 13px, #9CA3AF, mono font
- Divider: 1px #E5E7EB, margin 16px 0
- Stats row (flex, space-between):
 - * "👥 8 members" — 13px, #6B7280
 - * "📁 23 projects" — 13px, #6B7280
- Status badge: "Active" (green pill), "Suspended" (red pill), "Archived" (gray pill)
- Actions row (margin-top 16px):
 - * "Enter" button (ghost, small, purple text)
 - * "Settings" button (ghost, small)
 - * "⋮" more dropdown (Archive, Delete)

STATES:

- Default: As above
- Hover: Lift + shadow
- Loading: Skeleton shimmer animation
- Error: Red border, error message

USED IN: Workspaces grid, Owner dashboard

Prompt 21: Project Card Component

Create a reusable project card component for project listings.

COMPONENT:

- Width: 100%
- White bg, rounded-2xl, border #E5E7EB, padding 24px
- Hover: Shadow increase, border #D1D5DB

CONTENT:

- Top row: Status badge + More options (⋮)
 - * Status: "In Progress" (blue pill), "Completed" (green), "Overdue" (red), "Draft" (gray)

- Title: 18px, 600, #111827, 2-line max
- Description: 14px, #6B7280, 2-line max, truncate with ellipsis
- Progress section:
 - * Label: "Stage: Video Generation" (12px, purple, uppercase)
 - * Progress bar: Height 6px, rounded-full, bg #E5E7EB, fill #6366F1 (animated width)
 - * "60%" text (12px, #6B7280)
- Footer row (flex, space-between, margin-top 16px):
 - * Left: Deadline "🔴 17 Jun 25" (13px, red if overdue, gray if ok)
 - * Right: Priority dot (red=high, amber=medium, green=low) + "High" text
- Bottom actions (margin-top 12px):
 - * "View →" (ghost, purple text)
 - * "Edit" (ghost)

VARIATIONS:

- Compact: Smaller padding, no description
- List item: Horizontal layout, single row
- Timeline: Vertical with stage indicator

USED IN: User projects, Admin projects, Dashboard

Prompt 22: Modal Component

Create a reusable modal/dialog component.

COMPONENT:

- Overlay: rgba(0,0,0,0.5), backdrop-blur-sm
- Modal container: Centered, max-width 480px (or custom), white bg, rounded-2xl (20px), shadow-2xl
- Animation: Fade in overlay + Scale up modal (0.95 → 1.0) + translateY (10px → 0)

HEADER:

- Title: 20px, 600, #111827, padding 24px 24px 0
- Close button: Top-right, X icon, 24px, gray, hover dark
- Optional: Icon above title (48px, colored circle bg)

CONTENT:

- Padding 24px
- Body text: 14px, #6B7280
- Form elements if applicable

FOOTER:

- Padding 0 24px 24px
- Flex row, gap 12px, justify-end
- "Cancel" button (ghost)
- "Confirm" button (solid, color based on action: purple=primary, red=danger, green=success)

VARIANTS:

1. Confirmation: Title + message + Cancel/Confirm
2. Form: Title + form fields + Cancel/Save
3. Alert: Icon + title + message + single OK button

4. Destructive: Red accents, "Delete" action

USED IN: Delete confirmations, invite modals, form dialogs

Document Version: 1.0

Purpose: Stitch AI UI Generation Prompts

Date: June 2026
